

Haverhill Echo 11th October 2007

Tasty treats and an interesting time for all at chamber's latest event

Haverhill Chamber of Commerce returned for its first event after the summer break and it proved to be an interesting and tasty session for all.

The chamber met at the Taste of China, Birdbrook, for a selection of Chinese food and to take part in a taster session of Jigsaw@work run by Jacqui Burke of Flourishing People.

Jigsaw@work is an innovative tool designed to assist individuals and organizations on gaining a better understanding of team dynamics.

Chamber chairman Paul Donno said: "This was a great event. The Taste of China provided an excellent venue. The food and service is highly recommended.

"The workshop run by Jacqui Burke and Julia Turner from Flourishing People was first rate, a further example of the caliber of the local businesses we have here."
