Grants on offer for business training

Local businesses are being given the chance to take part in a leadership development scheme thanks to a West Wrating based company.

People management specialists Flourishing People have teamed up with Business Link Cambridgeshire to provide the management of local companies with a tailored development scheme entitled Winning Leaders.

Those who take part in the scheme could be given £1,000 towards the cost of any training.

The scheme is directed at Chief Executives and Managing Directors of businesses employing between 20 and 250 staff. Only one key staff member per company can take advantage of the £1,000 grant. Once eligibility for the funding has been assessed, Flourishing People will conduct an in-depth analysis of the individual's training needs and come up with a personally tailored development programme, which could include further education or taking a management qualification.

Flourishing People was created in 2001 to support the growth and potential of people in business.

Anyone interested in finding out more about the scheme is asked to call Jacqui Burke on (01223) 291429 or email jacqui@flourishingpeople.co.uk, or visit www.flourishingpeople.co.uk
